Berkay Mete, originally from Cappadocia, Turkey, is a DJ, producer, and label owner with a lifelong passion for music.

In the early 2010s, Berkay moved to Istanbul, where he started his music career. He became interested in afterhours clubs and performed at well-known venues in Istanbul, such as Koma, Machine, Cosmique Room, and Kloster. These experiences allowed him to develop his music taste and gain insights into the art of DJing. Berkay's ability to connect with people from diverse backgrounds became one of his greatest strengths, enabling him to understand and entertain different audiences with pleasure.

His move to Melbourne, Australia, marked a new chapter in his musical journey, where he began developing his unique productions. Following the success of Klub Kulampara, Berkay established his record label, Kulampara Records.
